EDUCATION

ESPRIT – École Supérieure Privée d'Ingénierie et de Technologies

Engineering Degree in Computer Science

Ariana, Tunisia

Sep. 2022 – 2027 (expected)

EXPERIENCE

AI Development Intern

Otospe Solutions

July 2025 – August 2025

Djerba, Tunisia

- Designed and developed an AI Agent system to detect and process online orders on an e-commerce platform
- Built customer interaction logic to automatically adjust orders based on real-time inputs

Technical Support Intern

Tunisie Telecom

August 2023

Djerba, Tunisia

- Provided technical support to resolve connectivity issues and gained hands-on experience with network diagnostics and telecom infrastructure

PROJECTS

GRINTA – Private Cloud Infrastructure | *OpenStack, Ansible, Kubernetes, Docker, Grafana* Nov. 2025 – May 2026

- Deployed core OpenStack services (Keystone, Neutron, Glance, Heat, Cinder) to build a full IaaS/PaaS/SaaS cloud environment
- Automated provisioning with Ansible and Heat; set up Kubernetes orchestration with Prometheus and Grafana monitoring

GRINTA – Fitness Web Application | *Angular, Spring Boot, Machine Learning*

March 2026 – May 2026

- Built a full-stack fitness platform (workouts, nutrition, gym management, booking) with Spring Boot REST APIs and an Angular frontend with role-based access control
- Integrated ML models for smart recommendations; deployed on the private cloud infrastructure above

Stratus – Student Analytics Platform | *Next.js, FastAPI, Machine Learning*

Sep. 2025 – Dec. 2025

- Built an analytics platform using Random Forest, KNN, K-Means, and XGBoost to predict student performance, assess dropout risk, and generate personalized recommendations
- Deployed a full-stack Next.js and FastAPI application with interactive student and admin dashboards

Evencia | *Java, Symfony, Desktop + Web Application*

Jan. 2025 – May 2025

- Developed a dual-platform event management system with a Java desktop client integrated with a Symfony web interface

VOLUNTEERING

IEEE ESPRIT Student Branch

Various Roles

Ariana, Tunisia

2022 – Present

- HR Manager – Leading member integration and development initiatives across the Student Branch
- SDC 4.0 Secretary | RAS Robots 4.0 Communication Manager | IASTAM 5.0 Ambassadors Coordinator
- 1st Place** – InnoSpeed 3.0 Robotics & IoT Hackathon

TECHNICAL SKILLS

Languages: Java, Python, JavaScript, TypeScript, C++, C, C#, PHP

Frameworks & Libraries: React, Next.js, Angular, Spring Boot, Node.js, Express.js, FastAPI, .NET, Symfony, JavaFX, Qt

Databases: MySQL, MongoDB, SQLite

DevOps & Cloud: Docker, Kubernetes, Ansible, OpenStack, Prometheus, Grafana, Git, Linux

Soft Skills: Leadership, Communication, Problem-Solving, Team Collaboration
